

TC 295's chair re-nomination

As the ISO website shows, the chairman of ISO/TC 295, Mr. ZHOU Weipei, his appointment term will be expired by the end of 2020. He was nominated as the chair in 2015 when PC 295 was established.

According to ISO rules and the feedback from TPM Mr. Stefan, the maximum term of a chair is 9 years. And for Mr. Zhou, his term needs to be counted from 2015.

Considering the continuity of TC work and Mr. ZHOU's tremendous contributions, the secretariat recommends to re-nominate Mr. Zhou as TC 295's chair with a 3-year extension.

Over the past six years, Mr. ZHOU has contributed a lot to the accomplishment of PC 295 and ISO 21378: 2019's publication. It is under his leadership we together find a way to the establishment of TC 295. At the very beginning stage of TC 295, the secretariat believe he is the best choice for the future TC works. Besides his fruitful experiences in audit and ISO standards, he is also the dean of school of government audit, Nanjing Audit University since 2018.

Such re-nomination will be confirmed at the upcoming plenary meeting on Dec 14. This topic is also included in the meeting agenda.
